## **Anti-Slavery and Human Trafficking Policy**

### **Policy Statement**

The Board of Directors of CPS Building Services recognises that modern slavery is a crime and violation of fundamental human rights. It takes various forms, such as slavery, servitude, forced and compulsory labour and human trafficking. All of these activities have in common the deprivation of a person's liberty by another in order to exploit them for personal or commercial gain.

CPS Building Services has a zero-tolerance approach to modern slavery and we are committed to acting ethically and with integrity in all of our business dealings and relationships. This will be achieved by implementing and enforcing effective systems and controls to ensure modern slavery does not occur anywhere in the CPS Building Services operations or in its supply chain.

The Board of Directors is also committed to ensuring transparency in all of the CPS Building Services business activities and in our approach to ensure modern slavery does not occur in any of our supply chains. This will be consistent with our disclosure obligations under the Modern Slavery Act 2015.

We expect these same standards from all our sub-contractors, suppliers and other business partners.

The scope of this policy applies to employees at all levels, directors, officers, agency workers, seconded workers, volunteers, sub-contractors, agents, external consultants, third party representatives and business partners.
